

Candles of Care: Celebrating Seniors with Christ's Love

Each month, our teens step into a beautiful mission of love by baking homemade birthday cakes and creating heartfelt cards for our cherished senior friends. Faith Egner is featured on this page with just a couple of her homemade cakes, lovingly prepared and shared with seniors who treasure every thoughtful detail. With joyful hearts, our teens personally deliver these gifts, reminding each senior that they are remembered, valued, and deeply loved. As one group of seniors shared, "These cakes were so beautiful, we didn't want to cut them! They made us feel so special, so remembered, and so deeply loved." This Christ-centered ministry strengthens the bond between generations through warm visits, shared stories, and meaningful conversation. What begins as a simple birthday celebration becomes a powerful expression of faith, gratitude, and fellowship—honoring the wisdom of our seniors, nurturing compassion in our youth, and reflecting God's enduring love one homemade cake and heartfelt card at a time.
